My name is Evelyn Goodshot-Segovia. I live at 3443 Humboldt Street, Denver, CO 80205. I would like to take to thank your wonderful crew who cleaned up the contaminated dirt in my yard. They were excellent and my yard looks great. It hasn't even been re-sodded yet but the ground is even and it still looks great.

The first day (Wednesday the 19th) the crew consisted of:  
I forgot this man's name but he is southern, has a tooth missing in the front and was running the first crew that took up the dirt. And I think the other lead man's name was Walter? There were three other men but I forgot to get their names as well. I hope they forgive me.

The second day (Thursday the 20th) The crew that laid down the new dirt:  
Charles Johnson - lead man  
Ruben, Larry, James, Art, Jason, Manny, Harvey, and Kevin.

Thanks to all the men who made my house look beautiful. Evelyn
